CHAIR'S REPORT
ON BEHALF OF THE BOARD

This is my first Report as Chair of Odyssey House, Victoria. I have long been aware of the important work that Odyssey does in the difficult area of drug and alcohol addiction but I had, until the past year, no direct involvement.

I am pleased to say that Odyssey continues to be the major provider of residential drug and alcohol rehabilitation in Victoria, and our activities have grown over these past 12 months.

We have been able to do this through the support provided by the Australian and Victorian Governments and the generosity of Trusts, Foundations and individual donors. And of course through the committed work of the staff at Odyssey House Victoria whose dedication and expertise make a real difference in people's lives.

My thanks go to them and to my fellow Board members for their governance and guidance, particularly to retiring Director Nick McMahon. My predecessors in the role of Chair, Nigel Dick and David Bullard, have been involved with Odyssey from its inception and I appreciate their continued involvement - I see the way ahead because I stand on the shoulders of giants!

I would like to make special mention of the executive team Jeff Wilson, with his steady hand on the finances, Eric Allan for his continuing excellent work with the residents at the Therapeutic community at Lower Plenty, Neos Zavrou for his work with our community programs and the Odyssey Institute, and Janet Beaumont for an excellent result in raising funds, particularly from Trusts and Foundations.

Our CEO, Stefan Gruenert, is an acknowledged leader in this area - he is a Board member of both the State and Federal Peak bodies for the sector where he is a strong advocate for the people we serve. This year he also provided substantial advice and expertise to the Commonwealth Department of Defence, and aided the development of a Victorian Whole of Government AOD strategy and the Victorian Children's Inquiry

Our work is not just important, it is vital. Our clients continue to face the stigma attached to addiction and I applaud their bravery in addressing their vulnerability and the complexity of issues they confront in dealing with and talking about their addictions. Our efforts and achievements justify our longstanding reputation as one of the leading AOD treatment, training and support organisations in the country.

It has been shown that for every dollar that is invested in drug and alcohol treatment, around seven dollars of benefits to the community is returned through savings in welfare payments, costs of crime, policing and imprisonment, improved health outcomes and tax payments. Recent research by an independent economist, Jeff Rae, has shown that Odyssey's Therapeutic Community exceeds this benchmark.

Before I list the many organisations and individuals who have contributed to our work I want to thank the Australian Government, in particular Minister Jenny Macklin who opened our family units this year, and the State Government, particularly Minister Mary Wooldridge who launched one of our consortium programs recently. Both Ministers bring a depth of understanding and passionate commitment to their roles and we look forward to working with them over the years ahead.

CHAIR'S REPORT
ON BEHALF OF THE BOARD (CONT'D)

We have achieved a lot in the past year and have reaped the rewards from our work. In particular, we:

- Secured funding from the Commonwealth to operate our residential program Circuit Breaker near Benalla for a further 3 years as a result of our ongoing great results
- Won the 2012 National Drug and Alcohol Award for Excellence in Services to Young People
- Opened new family units and community centre at Lower Plenty that have greatly enhanced the program for families.
- Improved our engagement with Indigenous Australians - 20% of the clients of some of our programs such as Circuit Breaker near Benalla and Kids in Focus are Indigenous.
- Delivered treatment to over 1500 Victorians and provided support for their family members;
- Expanded the Stepping Up consortium with partners Interact Australia, Taskforce and Youth Projects successfully tendering for a new counselling service in Cranbourne and a program to assist men return to the community after leaving prison in the Loddon Mallee region of Victoria.
- Delivered nationally accredited training courses to more than 200 students through the Odyssey Institute;
- Made presentations aimed at preventing alcohol and other drug problems in schools, conferences and community service organisations across Melbourne and Australia;
- Delivered binge drinking prevention workshops to young people in several towns across Victoria in partnership with V/Line, the Victorian Country Football League and Netball Victoria;
- Attracted ongoing financial support from the State and Commonwealth Governments to operate a range of programs.

Because of our success, the continued strong demand for our programs leads to large waiting lists that impair our ability to provide as timely a service as we would like.

So, we rely on, and are deeply grateful for the support we receive from Trusts and Foundations, business and private donors. The Board, the staff and, most importantly, the clients are deeply grateful to the following individuals and organisations who have provided invaluable financial support to Odyssey House Victoria this year:

- Annie and John Paterson Foundation
- Australian Communities Foundation
- Bell Charitable Fund
- Collier Charitable Fund
- Equity Trust

ODYSSEY HOUSE VICTORIA
ABN 11 005 583 960
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2012

INTRODUCTION

The financial report covers Odyssey House Victoria as an individual entity. Odyssey House is a company limited by guarantee, incorporated and domiciled in Australia.

The principal activity of Odyssey House Victoria is to provide residential and non residential drug rehabilitation services in Victoria.

The registered office of the company is 660 Bridge Road, Richmond, Victoria, and the principal place of business is 28 Bonds Road, Lower Plenty, Victoria. The presentation currency and functional currency is Australian dollars.

The financial report was authorised for issue by the Board of Directors of Odyssey House Victoria on the date shown on the Director's Declaration attached to the Financial Statements.

1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

The financial report is a general purpose financial report prepared in accordance with the Corporations Act 2001, Australian Accounting Standards and Interpretations and complies with other requirements of the law.

The following is a summary of the material accounting policies adopted by the company and, the preparation of the financial report. The accounting policies have been consistently applied, unless otherwise stated, are consistent with those of the previous year.

(a) Basis of Preparation

The financial report has been prepared on an accruals basis and is based on historical costs. It does not take into account changing money values or, except where stated, current valuations of non-current assets. Cost is based on the fair values of the consideration given in exchange for assets. All values are rounded to the nearest dollar.

A statement of compliance with International Financial Reporting Standards cannot be made as the Company is considered to be a Not-for-Profit entity and has prepared the financial statements in accordance with the requirements regarding Not-for-Profit entities as contained in Australian Accounting Standards.

The financial statements have been prepared on a going concern basis, which assumes the realisation of assets and the extinguishment of liabilities in the normal course of business and at the amounts stated in the financial report.

(b) Income Tax

No provision for income tax has been raised as the company is exempt from income tax under Division 50 of the Income Tax Assessment Act 1997.

1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(c) Significant Judgements and Key Assumptions

In the application of the company's accounting policies, management is required to make judgements, estimates and assumptions about the carrying value of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstance, the results of which form the basis of making the judgements. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revisions affect both current and future periods.

Judgements made in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements concern depreciation rates. These are reviewed annually by the directors to ensure that assets are being appropriately depreciated.

No key assumptions have been made concerning the future and there are no other key sources of estimation uncertainty at the balance date that the directors consider have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

(d) Cash and Cash Equivalents

Cash and cash equivalents in the Statement of Financial Position comprise cash at bank and on hand and short-term deposits with an original maturity of three months or less. Bank overdrafts are shown within borrowings in current liabilities on the balance sheet. For the purposes of the Statement of Cash Flows, cash and cash equivalents consist of cash and cash equivalents as defined above, net of outstanding bank overdrafts.

(e) Trade and Other Receivables

Trade receivables are recognised and carried at original invoice amount less an allowance for any uncollectible amounts. An estimate for doubtful debts is made when collection of the full amount is no longer probable. Bad debts are written off when identified. Receivables from related parties are recognised and carried at the nominal amount due.

(f) Property, Plant and Equipment

Each class of property, plant and equipment is recorded at cost or fair value, as indicated, less any accumulated depreciation and any impairment in value.

Freehold land is measured at fair value based on periodic valuations by external independent valuers. Buildings, Plant and equipment are measured on the cost basis.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2012

1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(f) Property, Plant and Equipment (Cont'd)

Depreciation

The depreciable amount of all fixed assets including buildings and capitalised leased assets, but excluding freehold land, are depreciated over their estimated useful lives to the company commencing from the time the asset is held ready for use. Leasehold improvements are amortised over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.

The depreciation rates used for each class of depreciable assets are:

Class of Fixed Asset	Depreciation Rates	Depreciation Basis
Buildings	2 %	Straight Line
Leasehold improvements	20 %	Straight Line
Motor Vehicles	22.5 %	Straight Line
Computer Equipment	33 %	Straight Line
Improvements	10 %	Straight Line

Disposals

An item of property, plant and equipment is derecognised upon disposal or when no further future economic benefits are expected from its use or disposal. Any gain or loss arising on disposal of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in profit or loss in the year the asset is disposed.

(g) Trade and Other Payables

Trade and other payables are recognised when the company becomes obliged to make future payments resulting from the purchase of goods and services. The amounts are unsecured and paid within 30 days of recognition.

(h) Provisions

Provisions are recognised when the company has a present obligation (legal, equitable or constructive) as a result of a present or past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(i) Leases

Leases of fixed assets, where substantially all the risks and benefits incidental to the ownership of the asset, but not the legal ownership, are transferred to the company are classified as finance leases. Finance leases are capitalised, recording an asset and a liability equal to the present value of the minimum lease payments, including any guaranteed residual values. Leased assets are depreciated on a straight line basis over their estimated useful lives where it is likely that the company will obtain ownership of the asset, or over the term of the lease. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the period.

Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expenses in the periods in which they are incurred.

Lease incentives received under operating leases are recognised as a liability. Lease payments reduce the liability.

(j) Employee Entitlements

Wages and Salaries and Annual Leave

Provision for employee benefits relate to liabilities made in respect of wages and salaries, annual leave and other employee benefits when it is possible that settlement will be required and they are capable of being measured reliably. The provision for employee benefits expected to be settled within 12 months of the reporting date are recognised in respect of employees' service up to the reporting date and are measured at the amounts expected to be paid when the liabilities are settled.

Long Service Leave

The liability for long service leave is recognised in the provision for employee benefits and measured as the present value of expected future payments to be made in respect of services provided by employees up to the reporting date.

Superannuation

The amount charged to the Statement of Comprehensive Income in respect of superannuation represents the contributions made by the entity to the employees' nominated superannuation funds.

(k) Revenue

Revenue from the sale of goods is recognised to the extent that it is probable that the economic benefits will flow to the entity and the revenue can be reliably measured. Revenue is recognised as follows:

- Interest revenue is recognised on a proportional basis taking into account the interest rates applicable to the financial assets.
- Grant revenue is recognised when the right to receive the grant consideration is attained.
- Donations and specific purpose grant revenue is recognised during the period the project is completed.
- Client fee revenue is recognised when the fees are received.

FOR THE YEAR ENDED 30 JUNE 2012

1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(l) Goods and Services Tax (GST)

Revenue, expenses and assets are recognised net of the amount of goods and services tax (GST) except:

(i) where the amount of GST incurred is not recoverable from the taxation authority, it is recognised as part of the cost of acquisition of an asset or as part of an item of expense, or

(ii) for receivables and payables which are recognised inclusive of GST, the net amount of GST recoverable from, or payable to the taxation authority is included as part of receivables or payables in the Statement of Financial Position. Receivables and payables are stated with the amount of GST included.

Cash flows are included in the Statement of Cash Flows on a gross basis and the GST component of cash flows arising from investing and financing activities, which is recoverable from, or payable to, the taxation authority, are classified as operating cash flows.

(m) Impairment of Assets

At each reporting date Odyssey House Victoria reviews the carrying amounts of assets to determine whether there is any indication that those assets have suffered an impairment loss. Impairment exists when the carrying value of an asset or cash-generating units exceeds its estimated recoverable amount. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss if any. The recoverable amount is assessed as the higher of fair value less costs to sell or the assets value in use being the depreciated replacement cost.

(n) Other Financial Liabilities

Other financial liabilities, including borrowings, are initially measured at fair value, net of transaction costs.

Other financial liabilities are subsequently measured at amortised cost using the effective interest method, with interest expense recognised on an effective yield basis.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments through the expected life of the financial liability, or, where appropriate, a shorter period.

(o) Borrowing Costs

Borrowing costs are recognised as an expense in the period in which they are incurred except borrowing costs that are directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period to get ready for its intended use or sale. In this case the borrowing costs are capitalised as part of the cost of such a qualifying asset. No borrowing costs were capitalised during the financial year ended 30 June 2012 (2011: Nil).

(p) Members' Liability

The liability of the members of Odyssey House Victoria is limited. Each member has undertaken to contribute to the assets of Odyssey House Victoria in the event of the Company being wound up while a member, or within one year after ceasing to be a member for payment of debts. The amount of each member's liability is limited to $50. At balance date there were 10 (2011:12) members.

(q) Comparative Figures

Comparatives have been reclassified so as to be consistent with the presentation in the current year.

(r) New and Revised Accounting Standards and Interpretations

All the new and revised Accounting Standards and interpretations issued by the Australian Accounting Standards Board ("AASB") that are relevant to its operations and effective for the annual reporting period beginning on 1 July 2011 have been adopted by the Company in accordance with accounting policy described in Note 1 above.

Any new, revised or amending Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

(d) Other disclosures

The entity has an unused overdraft facility for $200,000 (2011: $200,000).

15. FINANCIAL INSTRUMENTS

(a) Financial Risk Management Objectives and Policies

The company's principal financial instruments comprise receivables, payables, borrowings and cash and short-term deposits. These activities expose the company to a variety of financial risks: market risk, interest rate risk, credit risk and liquidity risk.

Although the company does not have documented policies and procedures, the Board manage the different types of risks to which it is exposed by considering risk and monitoring levels of exposure to interest rates and by being aware of market forecasts for interest rates. Ageing analyses and monitoring of specific credit allowances are undertaken to manage credit risk. Liquidity risk is monitored through general business budgets and forecasts.

15. FINANCIAL INSTRUMENTS (CONT'D)

(b) Interest Rate Risk

The company's exposure to market interest rates relates primarily to cash and short term deposits held.

Sensitivity Analysis

The sensitivity analysis below has been determined based on the exposure to interest rates for both derivative and non-derivative instruments at the reporting date and the stipulated change taking place at the beginning of the financial year and held constant throughout the reporting period. A 100 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the possible change in interest rates.

At reporting date, if interest rates had been 100 basis points higher or lower and all other variables held constant, the company's net profit and net assets would increase by $3,073 and decrease by $3,073 (2011: increase by $4,800 and decrease by $4,800). This is mainly attributable to the company's exposure to interest rates on its cash and cash equivalents.

(c) Foreign Currency Risk

The company is not exposed to fluctuations in foreign currencies.

(d) Liquidity Risk

The company manages liquidity risk by monitoring forecast cash flows and ensuring that adequate unutilised borrowing facilities are maintained.

Financing Arrangements

The company has an overdraft facility as described in Note 14(d).

Maturities of Financial Liabilities

The table below analyses the company's financial liabilities.

	Weighted average interest rate	Maturing within year	Maturing 1 to 5 years	Total
2012	%	$	$	$
Financial liabilities

Financial liabilities			-	
Trade and sundry creditors		1,093,693	-	1,093,693
Total financial liabilities		1,093,693	-	1,093,693

15. FINANCIAL INSTRUMENTS (CONT'D)

(e) Credit Risk

The maximum exposure to credit risk, excluding the value of any collateral or other security, at balance date to recognised financial assets is the carrying amount of those assets, net of any allowance for doubtful debts, as disclosed in the balance sheet and notes to the financial report.

The company trades only with recognised, creditworthy third parties, and as such collateral is not requested as it is the company's policy to scrutinise its trade or other receivables. All sales are on a cash basis and as such, there is no credit risk on trade receivables.

In addition, receivable balances are monitored on an ongoing basis with the result that the company's exposure to bad debts is not significant. There are no significant concentrations of credit risk.

(f) Price Risk

The company is not exposed to any material commodity price risk.

(g) Net Fair Values

The carrying amount of financial assets and financial liabilities recorded in the financial statements approximates their net fair values.

The net fair values of financial assets and financial liabilities are determined as follows:

The net fair value of financial assets and financial liabilities with standard terms and conditions and traded on active liquid markets are determined with reference to quoted market prices; and the net fair value of other financial assets and financial liabilities are determined in accordance with generally accepted pricing models based on discounted cash flow theory.

INDEPENDENT AUDITOR'S REPORT

To the members of Odyssey House Victoria

Report on the Financial Report

We have audited the accompanying financial report of Odyssey House Victoria, which comprises the statement of financial position as at 30 June 2012, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Directors' Responsibility for the Financial Report

The directors of the company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. These Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independence

In conducting our audit, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of Odyssey House Victoria, would be in the same terms if given to the directors as at the time of this auditor's report.

Opinion

In our opinion the financial report of Odyssey House Victoria is in accordance with the *Corporations Act 2001*, including:

(a) giving a true and fair view of the company's financial position as at 30 June 2012 and of its performance for the year ended on that date; and

(b) complying with Australian Accounting Standards (including the Australian Accounting Interpretations) and the Corporations Regulations 2001.
